PRODUCT DATA SHEET

Incalmo 214 Suspension LED 3000K Grey

DESIGN BY:

Carlotta de Bevilacqua
2015

MATERIALS:

Glass, aluminium, methacrylate

DESCRIPTION:

Incalmo was born: from the initial concept of an optical, thermal and technological machine where every part belongs to a higher system. A human, handcrafted dimension is also taken into account, as the beauty of imperfection is discovered through a reinterpretation of blown glass. The name 'Incalmo' refers to a glass-blowing technique refined in Murano, Venice during the 16th century, aimed at obtaining multiple areas of different colours on the same surface. Incipit and Incalmo operate in perfect harmony, as horizontal, alternating stripes of transparent, white or grey blown glass transform its decorative body into a screening element reaching the areas below its narrower angles and diffusing light into the space. Incalmo is a metaphor for combining the evolving LED technological innovation with ancient craftsmanship skills deeply rooted in our history. The aim of this all-round project is to enhance optical performances while improving the perceived aesthetics of its presence in the environment.

TECHNICAL DATA SHEET

FEATURES

Product name:	Incalmo 214 Suspension LED 3000K Grey
Article Code:	1902120A + 1908010A
Colour:	Grey
Material:	Glass, aluminium, methacrylate
Series:	Design

DIMENSIONS

Height:	cm 32
Diameter:	cm 24
Base Diameter:	cm 16
Max Height from ceiling:	cm 200

LAMPS INCLUDED

Category:	LED COB
Number:	1
Watt:	27W
Luminous Flux (lm):	3200lm
Color temperature (K):	3000K
Class:	A

LUMINAIR

Watt:	29W
Luminous Flux (lm):	2020lm
CCT:	3000K
CRI:	90
Dimmable	
Dimmable Typology:	Push
