

PRODUCT DATA SHEET

Discovery Suspension

DESIGN BY:

Ernesto Gismondi
2015

MATERIALS:

Technopolymer, aluminium

DESCRIPTION:

A family of appliances based on a minimal geometry: the project focuses on technology and on the quality of light on the clear emitting surface. Discovery is an unprecedented development of a well-known optical principle, obtained through the technological know how and deep knowledge of light of Artemide, which are conveyed through the controlled interaction with matter and a focus on its yield and perceptive qualities. An ultra-light rounded aluminium rim hosts to a LED strip injecting light into a clear PMMA surface, processed for the purpose. It is a non-intrusive element that, utterly absent and immaterial, becomes perceptible when switched on, thanks to the light outlining its central emitting surface. Almost by magic, the inside changes from clear to full of light, absence turns into a perfect diffusing emitting surface. Direct and indirect emission produces an embracing and uniform light and ensuring perfect visual comfort.

TECHNICAL DATA SHEET

FEATURES

Product name:	Discovery Suspension
Article Code:	1999010A
Colour:	Polished aluminium
Material:	Technopolymer, aluminium
Series:	Design
Environment:	Indoor

DIMENSIONS

Diameter:	cm 70
Base Diameter:	cm 25
Max Height from ceiling:	cm 165

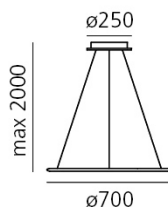

LAMPS INCLUDED

Category:	LED
Number:	1
Watt:	38W
Luminous Flux (lm):	5418lm
Color temperature (K):	3000K
Class:	A

LUMINAIR

Watt:	46 W
Luminous Flux (lm):	2888lm
CCT:	3000K
Efficiency:	56%
Efficacy:	63lm/W
CRI:	80
Dimmable	
Dimmable Typology:	Push
